

INTER SCHOOL SOCIAL SCIENCE PROJECT COMPETITION

Water Harvesting and Potability :

Challenges and Solutions...

Inter School Social Science Project Competition was organized by Rotary Baroda Metro, held on 18 Nov 2017, at Community Science Centre, Vadodara. The theme for the present year was 'Water Harvesting and Potability : Challenges and Solutions'. Two teams comprising of Yagna Nijawan , Miti Gandhi of Class IX and Latika Yadav , Swapnil Saxena of class X of our school participated in the competition.

Eminent people from academia and industry were the judges for the competition. 45 Schools were participated and Bhartiya Vidya Bhavan's team were selected in top five finalists for their outstanding performance and demonstration.

Our school team of Latika Yadav X-B and Swapnil Saxena X-A is selected for next round going to be held on 16th December.
