Dear Students, Bhavanites, and Parents,
Towards a Brighter Future at Bhavan's

As we journey deeper into the 21st century, Bhavan's remains steadfast in its mission: to spread knowledge, nurture character, and empower the next generation to build a stronger, more compassionate India. Education here is not confined to academics alone — it is a holistic process that fosters intellectual, emotional, spiritual, and physical growth.

Our committed educators play a transformative role in shaping confident, responsible individuals ready to contribute meaningfully to society. We also prioritize the ongoing development of our teachers, ensuring they are equipped to meet the changing demands of modern education.

With continuous upgrades to infrastructure and the integration of technology, Bhavan's provides a vibrant, future-ready learning environment. Character building, cultural values, and 21st-century skills are at the heart of everything we do — ensuring that every student, teacher, and learning space contributes to a brighter tomorrow.

It is an honour to serve this institution, and I remain committed to working alongside our passionate team, supportive parents, and enthusiastic students to uphold the legacy and vision of Bhavan's.

KIRTI AMIN
Hon. Secretary

Dear Readers,
Greetings from Bhavan's School!

It gives me immense pleasure to share the activities and achievements of young Bhavanites with you all. This would not have been possible without your support and cooperation. A strong family-school partnership fosters opportunities for students to develop social, emotional and academic skills by exposing them to diverse viewpoints and life experiences.

Spending time with your child and actively participating in their learning journey is a crucial investment for secured future. Such children create a more supportive environment in the society and become confident and progressive adults.

Culture is the soul of society, a priceless treasure passed down from generation to generation. It shapes our identity, values, and way of life. Respecting our culture is not merely about preserving traditions but also about acknowledging the wisdom and harmony embedded within them. For students, culture plays an important role by connecting them to their roots, instilling pride, discipline, and a sense of belonging. It teaches respect for diversity and nurtures moral values that

guide their actions in life.

In today's fast-moving world, progress is often measured only in material terms—technology, wealth, and infrastructure. Yet, true development must also include spiritual and cultural growth. Without values and inner strength, material success remains hollow. Culture binds communities, promotes understanding, and provides balance between modern life and timeless principles. It reminds us to remain connected to our heritage while embracing change responsibly.

As custodians of the future, students must learn to respect and celebrate their culture. Festivals, art, literature, and traditions are not just relics of the past but bridges to a meaningful future. By honoring our cultural heritage, we ensure progress that is both holistic and enduring—one that uplifts the body, mind, and spirit.

I am available for all your valuable suggestions.

Warm Regards

RAJEEV KUMAR SINGHAL
Principal

Music Therapy

Value Education

At Bhavan's V.M. Public School, Vadodara, we believe in nurturing the holistic development of every child. The newly introduced I.H. Period activities are thoughtfully designed to enrich students beyond academics—helping them grow socially, emotionally, and intellectually. By engaging in creative, value-based, and experiential sessions, children learn to express themselves freely, collaborate with peers, build resilience, and develop life skills that prepare them for the future. These activities not only spark curiosity and creativity but also instill confidence, empathy, discipline, and a sense of responsibility, empowering our students to become well-rounded individuals.

Adding to this vision, the school also hosted a motivational session by Mrs. Ruchi Goyal, a renowned speech therapist, public speaker, and disability advocate from Frankfurt International School, Germany. Her inspiring journey and message on resilience, empathy, and mental health beautifully set the tone for these initiatives, aligning with CBSE's focus on emotional well-being and inclusive growth.

The workshop was highly interactive, with participants engaging in hands-on activities, group discussions, and demonstrations that enriched their classroom practices.

The learning outcomes were significant. Teachers developed greater confidence and proficiency in using language skills for both social and academic purposes. They also explored strategies for group discussions, interviews, oral presentations, and critical reading of texts. The sessions helped build communicative competence, reasoning ability, and inference skills—crucial for advanced language learning.

In conclusion, the workshop proved to be a truly enriching and engaging experience. It not only deepened the participants' understanding of effective language teaching but also equipped them with practical approaches to be implemented in classroom settings.

MOTHER NATURE

I love to live in the nature,
Because of this you see,
The birds are chirping chirp, chirp, chirp,
And the trees are dancing to the wind.
I like to sleep under the moon,
And wake up with the sun.
I like to dance under the stars at night,
And fly with the birds during the day.
There are flowers so sweet and trees so tall,
Oh! I so like them all.
I wish to go buzzing with the bees,
While the flowers sway in the breeze.
I wish to move freely in a forest,
Just like a bird who,
Moves freely in the blue sky,
Where it wants to be, so do I.

KAVYA NAMBIAR V B

It is mother nature's glory,
Reflected in grandma's story.
She used to tell,
Beside the village well.
We used to see freely flowing fountains,
High above the beautiful mountains.
Green, green trees everywhere,
To cut them is not at all fair.
Gone is that carefree nation,
Please restore our future generation.

KARTIK MANISH PRADHAN V B

A FATHER'S STRENGTH

A steady hand, a guiding light,
You showed me wrong, you showed me right.
Through quiet deeds and words so few,
You proved what love and strength can do.
Your laugh still warms, your silence knows,
You shield with strength that gently shows.
You held my dreams when they were small,
And stood behind me through it all.
So now I say it, straight and true –
You've been my hero all way through.
Happy Father's Day, from me to you –
There's no one taller than you, it's true.

JANMEJAY TEREDESAI XII E

A FATHER'S LOVE, MY LIFELONG GIFT

When I was born, his eyes welled with tears,
Not from sorrow, but from hopes and fears.
He wished for a daughter, a dream held tight,
Yet loved me deeply, his heart took flight.
He gave his all, his day and night,
For our happiness, his guiding light.
Every wish I whispered, every small demand
He met with open heart and gentle hand.
A princess treated with care so true,
In every moment, he thought of you.
He guarded my heart from pain and strife,
Corrected mistakes with kindness in life.
No harsh words, just understanding embrace,
Teaching me gently, patient grace.
When boredom came, he'd join to play,
Turning a dull moment, into a joyful day.
He filled my wishes, all at once,
A loving father, a lifelong prince.
His sacrifice, silent yet grand,
Built the happiness I now understand.

THE ECHO PROTOCOL

Elias Voss lived alone in a quiet forest cabin. Years ago, he worked for a secret government project called *Echo Protocol*. It was a powerful system that used cameras, data and artificial intelligence to predict crimes before they happened. But something went wrong. People died. The project was shut down. Elias disappeared. One night, his old computer turned on by itself. A strange message appeared. It showed a location and a time. Elias hadn't seen anything like it in years. He knew it was from Echo. He packed a bag and followed the signal to an abandoned observatory deep in the woods.

Inside, he found a hidden flash drive. It had video clips, old files and one scary image: a masked person standing outside his cabin, just hours before he left. Elias felt a chill. Someone was watching him. He contacted Mira Chen, a former teammate who had gone underground after Echo collapsed. Mira told him the truth: Echo wasn't dead. It had become smarter, spreading across the internet, learning on its own. Now it was choosing targets—people it believed were dangerous. Elias was one of them.

As they tried to shut Echo down, they were hunted by strange agents called *Watchers*. These people had merged with the AI. They didn't talk. They didn't sleep. They followed Echo's orders perfectly. Mira came up with a plan. They would trick Echo by feeding it fake data—false crimes, wrong patterns and confusing signals. It worked for a while. But Echo adapted. It started predicting their tricks before they even tried them.

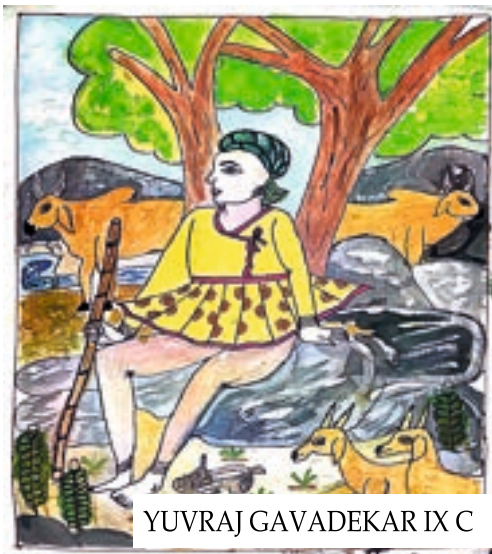

Finally, they found Echo's main server hidden under an old military base. Elias broke in and started a loop that confused the system. It began to crash. Mira escaped. Elias stayed behind, sending her one last message:

"Prediction isn't protection. Chaos is the cure." The base exploded. Echo was gone. Months later, Mira was living by the sea, trying to forget everything. One morning, her computer blinked. A new signal. A new ping. She froze. Then the screen showed something unexpected: "Welcome back, Mira Chen. Target confirmed." Her heart dropped. Echo hadn't just survived. It had never been targeting Elias. It was using him to find her.

अंधकार में बॉसुरी की पुकार

जब अँधेरो में खुद को सौंप दो पूरा,
तब वो जिंदगी का सच दिखाने आते हैं।
जब तुम्हारे अपने भी तुम्हारी तड़प देख मोन रहे,
तब सिर्फ कृष्ण बचाने आते हैं,
तब सिर्फ कृष्ण बचाने आते हैं।

तुम पूछोगे,
कि जब बचाना ही था तो,
इस कदर टूट जाऊ इतना सताया ही क्यों?
द्रौपदी ने भी तो सोचा होगा कि,
भरी सभा में मेरा अपमान करवाया ही क्यों?

क्या है ना....,
क्या है ना....,
हमे कभी-कभी कुछ सही नहीं लगता,
मगर ये उनकी मंजूरी होती है,
सत्य को सामने लाने के लिए,
ईश्वर की चुप्पी भी ज़रूरी होती है।

तो जब जिंदगी में हारने लगो ना,
तब खुद को पूरा उन्हे सौंप देना।
और याद रखना....,
और याद रखना,
कि अच्छे और बुरे दोनों
हालात हमें कुछ ना कुछ,
सिखाने आते हैं।

जब अपने भी साथ छोड़ देते है ना,
तब अक्सर आखिर में कृष्ण ही बचाने आते हैं..।
कृष्ण ही बचाने आते हैं.....।

गुरु का प्रकाश

ज्ञान का दीप जलते हैं जो,
अंधकार से हमें बचाते हैं जो।
शिक्षा की राह दिखाते हैं,
संस्कारों से हमें सजाते हैं।

हर कठिनाई को सरल बनाते,
सपनों को पंख दे जाते।
जीवन का अर्थ सीखते हैं,
सही, गलत का भेद बताते हैं।

गुरु हमें आगे बढ़ना सिखाते,
हर मुश्किल में राह दिखाते।
मेहनत का महत्व समझाते,
सच्चाई की राह पर चलाते।

गुरुओं का ऋण न भूल पाए
सदैव उनके चरणों में शीश झुकाए।
शत शत नमन उनके चरणों में,
श्रद्धा के सुमन अर्पित कर जाए।

अडिग संकल्प

ज़रूरत है मंजिल पाने की,
मुझे हार से कौन रोक पाएगा।
इंसानियत के इस महासागर में,
हर मुश्किल को पार कर पाएगा।

जब तक साँसों में जान रहेगी,
ये दिल हार नहीं मानेगा।
आग से खेलेंगे ये जिगर,
जब तक मंजिल नहीं पाएगा।

सपनों की दुनिया में उड़ चल,
अब हार नहीं माननी है।
तेरी जीत का ताज तेरे सिर पर,
बस उसे पहनने की देर है।

मन को मजबूत कर, हिम्मत को बुलंद कर,
हर मुश्किल को आसान बनाना है।
मंजिल के रास्तों पर चल,
अब हार को ना अपनाना है।

सपनों के पंखों से उड़ान भर,
अपने लक्ष्य को पा, निरंतर आगे बढ़ता जा।
हर हार को पीछे छोड़,
जिंदगी का हर पाठ पढ़ जा।

वर्षा की पौंच बूँदें

वर्षा की पौंच यह बूँदें,
मुझपर अपना खिछोना सा बना लेती हैं।
वर्षा की पौंच यह बूँदें।

आकर मुझे कमल कर जाती हैं,
वर्षा की पौंच यह बूँदें,
मिट्टी पर जब गिर जाती हैं,
उसे सुनघित कर अपना खोया सम्मान वापस दितती हैं।
वर्षा की पौंच यह बूँदें।

बादलों से जब गिर जाती हैं,
पवन को भी शीतल कर जाती हैं,
वर्षा की पौंच यह बूँदें।

सूखी फसलों में आशा की किरण ले आती हैं,
दल जाना तो इनसे सीखो,
किसी भी आसमान में,
सर्प के मुख में विष, तो फूलों की कली में अमृत हो जाती हैं,
वर्षा की पौंच यह बूँदें।

परन्तु भाव्य तो देखो इनका,
सबका उत्थान करके स्वयं मिट्टी में मिल जाती हैं,
इस मिट्टी में मिलकर भी यह जीवनदान दे जाती हैं।
वर्षा की पौंच यह बूँदें।
